Differentiators

- **Requirement review first.** Specification, revision, packaging, and inspection requirements are checked before pricing.
- **Acquisition data verified.** AMC/AMSC and approved-source data are confirmed; source-controlled items are offered only through approved sources.
- **Nonmanufacturer rule compliance.** Manufacturer size status and waivers are verified before quoting (13 CFR 121.406).
- **Decline rather than default.** If an item can't be sourced to spec and the solicitation terms, we don't quote it.
- **Veteran-owned and accountable.** Founded by a U.S. Navy Interior Communications Electrician experienced in shipboard electrical systems.
